Email: yan@yanni-sports.com

Website: <https://yanni-sports.com/>

Emergency contact number on the day: 07771 863099

The YANNI CAMP clinic, reinforces the basic but essential areas and techniques of Rugby and tackling, using the two codes of rugby and other cross coaching methods in a fun and safe environment. We install confidence in the individual player however old and their team around them to position themselves for safe and healthy tackling and playing positions.

After 30 years of coaching clinics and professional playing Danny Ligairi has determined it's the finer and smaller points that we must take notice of and aim to improve a player's confidence in all areas that will not only make them the best player but the complete player.

YANNI CAMP values are:

- Teamwork • Respect • Fun • Learning • Discipline

AIMS:

The aim of the clinic is not based on the numbers of players or activities undertaken but the individuals own progression. Danny is fully experienced with all age groups and he works specifically on an individual basis with each child to reach their personal best. Each child is paired and works within their own ability, confidence, size and weight.

Here is a list of some things attendees may need on the day

- Plenty of water
- Lunch and some snacks
- Gum shield**
- Boots
- Hat (& rugby mitts too if you have some)
- Training clothes for the morning
- Change of training clothes for the afternoon
- Small towel for hair drying etc.
- Bag for dirty kit
- Any medication you might need during the day
- Money to buy snacks and Yanni Store items

We look forward to welcoming everyone for a fun packed day they will talk about for ages!
